

Term 3 Homework menu, Class Three

Please complete one activity each week. This should be done in your homework book and needs to be handed in on a Monday.

Challenge someone to a fruit/vegetable taste test. Blindfolded, who can guess what the fruit/veg is? Record your results using a table, or even take some photos!	Using food items, create some still-life drawing artwork.	Design a 3 course meal using the eatwell plate. https://www.nhs.uk/livewell/goodfood/pages/the-eatwell-guide.aspx
Write a story about a talking/intelligent animal.	At the supermarket, take a survey of where different foods come from (check the labels). Record your results in a tally chart. This can also be done using online shopping websites.	Write a short story about going on a magical journey somewhere.
Design and label a brand new animal that could be kept by humans on a farm - what would we be able to get from them?	Most food items show, using colours or percentages, the levels of different ingredients (e.g. sugar, fat etc.). What are the unhealthiest items you can find?	Write a story told from the point of view of a piece of fruit or veg. There are lots of different things you could include - growing, being picked, travelling to be sold and even being cooked!

Don't forget to:

Complete your maths activities; Read every day; Learn your spellings; Keep practicing those times tables.
