

Mathletics

Mathletics in your School

Helping your child to love learning and achieve more in maths

Mathletics

What is Mathletics?

- An online maths resource that children can access with unique login details - anywhere, anytime
- Allows students to practice maths concepts taught in school and become quicker at mental maths
- Based on the National Curriculum
- Contains problem solving activities, videos, times tables practice, games and much more

Mathletics

Mathletics
statistics

- Over 3 million users worldwide
- Used in over 14,000 schools
- Over 5,000 schools in the UK use Mathletics

With figures rising every day!

Mathletics

How is it used?

- Children can access in school and at home and practise maths concepts with fun activities
- Teachers can set homework tasks on Mathletics.
- Teachers can monitor progress through their Teacher Centre
- Children are rewarded for continued progress and participation with points, certificates and credits to spend on their avatar in the online shop

Mathletics

Reward structure

- **Live Mathletics:** 1 correct answer = 1 point, double points in bonus level (indicated with a )
- **Curriculum activities:** 1 correct answer = 10 points
- **Certificates:** maximum of 1 per week

1,000 points in a week = 1 **Bronze certificate**

5 Bronze certificates = 1 Silver certificate

4 Silver certificates = 1 **Gold certificate**

The screenshot shows the Mathletics Student Centre interface. At the top, there are navigation buttons for 'Mathletics', 'Learn', 'Explore', 'Play', and 'Review'. A '10 points this week' badge is displayed. The user's profile, 'Catharine', is shown with a cartoon avatar, school name 'Beth Levi 3P School', and 'Class A'. A 'Logout' button is in the top right. The 'Topics' section lists three activities with their respective Gold Bar and Green Bar counts:

Topic	Gold Bars	Green Bars
N - Number and Place Value (1)	4	2
N - Number and Place Value (2)	1	5
N - Add and Subtract Mental	1	7

Below the topics is a 'Take the tour' button with a video thumbnail. The 'My progress' section features a pie chart labeled 'All activity results'. The 'My daily points' section shows '10' points. A '10 points this week' badge is also present at the top right.

Curriculum activities sorted by topic, with results indicated using Red, Amber, Green traffic light system.

As pupils master activities they gain Gold Bars

Pupils take control of own learning by reviewing progress here

See points gained in a day and in a week at the top

Problem solving and reasoning activities:
To help students with that all-important question “how can I use this in real life?”

Videos:
including times table toons and magic mentor videos!

Live Mathletics:
Play live maths games against children around the world to improve fluency and enjoy sense of competition

Multiverse: an immersive game designed to increase multiplication problem-solving fluency

Play Paws:
builds essential skills in place value, number sense, addition and subtraction.

Rainforest Maths: Colourful scaffolded learning environment to also practice maths concepts by year group.

Mathletics

How can you help?

- Encourage your child to access Mathletics three times a week, for 20 minutes each time
- When completing activities, remind your child to use the 'i' help button, on the right to get a step-by-step walkthrough
- Explore the different apps and games to vary their use and keep their interest high
- Print and display certificates when they are achieved to reward your child
