

Year 1 Spelling homework

You will be given a homework book and at the beginning of each term a list of all the spellings will be stuck into the book.

It is up to you how you choose to learn your spellings because we all learn in different ways. See below for a few ideas:

- Write the word using different coloured pens.
- Write the word on a whiteboard or chalk board.
- Spell the word out when you are in the car/having a bath.
- Make the word with magnetic letters.
- Write the word lots of times.
- Ask a grown up to test you.

Your children will also practise their spellings in school and they will have a weekly spelling test. We will also be looking out for these words to be spelt correctly in their independent writing.

Please send the homework book in every Thursday and we will write the results in their book for you to see how they are getting on.

Thank you for your support.

Any questions, please ask!
